

---

**Shifting**

Gocycle electronic Predictive Shifting™

---

**Frame material**

Hydro-formed 6061 T6 alloy front frame, carbon fibre mid-frame and injection moulded magnesium Cleandrive™

---

**Wheels**

Magnesium (G4i) / Carbon Fibre (G4i+), with center hub mount

---

**Motor**

Gocycle proprietary front hub motor, G4drive with traction control 500 watt US / 250 watt EU continuous

---

**Riding modes**

Multiple, programmable via GocycleConnect app

---

**Approximate weight**

From 17.6kg (38.8lbs) (G4i) / 16.9kg (37.2lbs) (G4i+)

---

---

**Range**

Up to 80km (50 miles), depending on pedal input

---

**Battery**

Quick removable lithium ion: 10.4Ah, 36V, approx 375 Wh

---

**Charging**

3.5 hours

---

**Handlebar display**

Integrated dashboard display with fuel gauge, speed, gear, efficiency or Smart Device and GocycleConnect™ App

---

**Handlebar adjustment**

Quick folding and height adjustment

---

**Daytime Running Light (DRL)**

Yes
